

SERVICEREEF - ONLINE GIVING

Each team will have a **Donate** button on their team page where they can direct family and friends to contribute to their trip. Again, there is absolutely no cost for your team to use the online donation feature.

The team page can be viewed directly from the ServiceReef homepage at cherryhills.servicereef.com. Individuals can also access this page from the chcc.org webpage by selecting Join the Mission > Global Serving > This Year's Trips:

Select the icon for the trip you would like to contribute to and the click on the **Donate** button to make a contribution. As with the personal fundraising page, you can use the ServiceReef team page just like other crowd funding website by copying and pasting your trip's web address into any email or Facebook page.
